#### Singapore Economic & Tourism Outlook

## Regional Macroeconomic Outlook

#### Regional Forecast Average 2012-15 Real GDP Growth

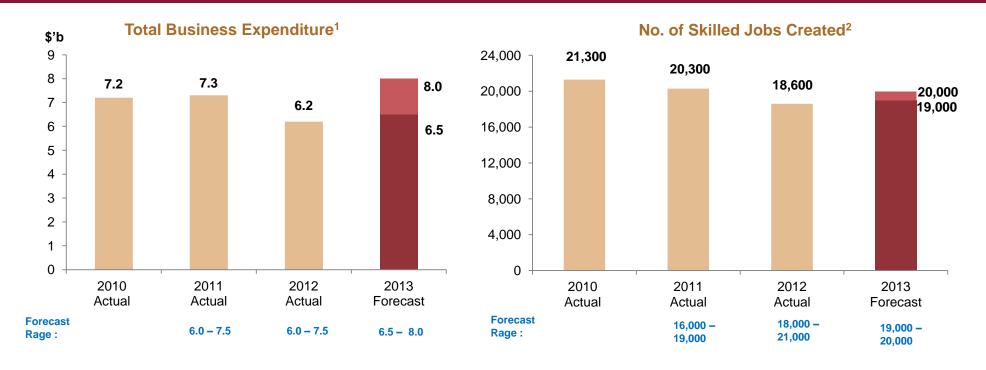

**Top 3 countries of origin for visitor arrivals to Singapore** 

A strong forecast in GDP growth for China, Indonesia, and Malaysia reinforces the Hotel business outlook as they generate the largest contingency of travelers for the Hotels.

## Singapore Investment Trends (2010 – 2013)

- Forecast of higher TBE and skilled jobs (for 2013) reflects EDB's confidence that there are good investment prospects ahead for Singapore, against the backdrop of Asia's growth, and an increasing focus by global companies on Southeast Asia.
- Even though growth prospects in the developed economies might be weak, MNCs and Asian companies continue to show strong investment interest in this part of the world. Singapore remains at the heart of a vibrant Asia that is growing.

#### Note:

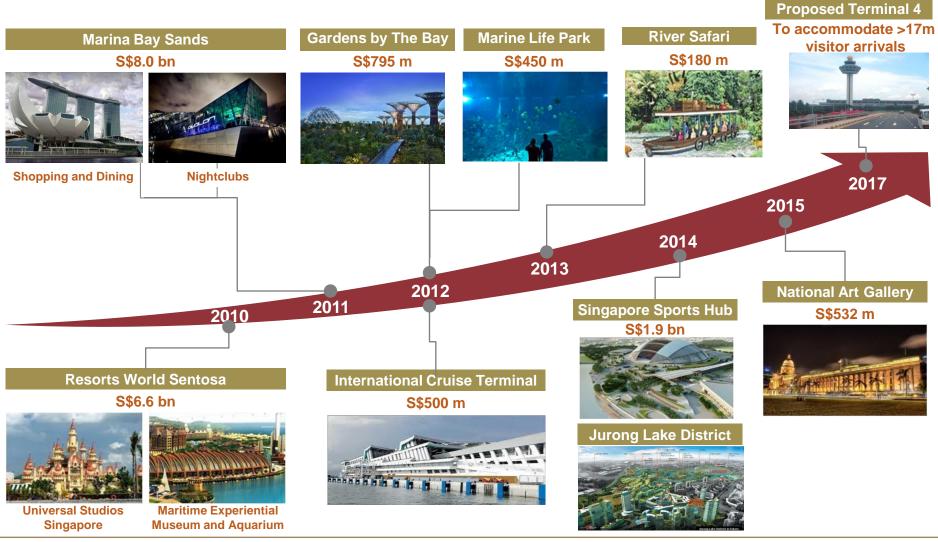

- 1. Total Business Expenditure (TBE) refers to multinational corporations' incremental operating expenditure in Singapore (excluding depreciation). The major components include wages and rental.
- 2. Skilled Jobs are defined as occupations in the Professional, Manager, Executive, Technician and Skilled Production Craftsman categories.
